REPORT ON ASSOCIATION CONVENTION ~ PHOENIX, AZ

June 29 through July 2, 2007

Well, I love conventions! I love watching the parliamentary procedures being implemented according to *Robert's Rules of Order*. I even love most of the workshops ~ some better than others. I love meeting women from all over the United States sharing the same goals as mine. I love the special speakers, the chance to meet staff from the D.C. office, and the connectivity in belonging to something bigger than our own Branch.

So, it was a rude awakening when I went to my first workshop entitled "Urgent Call to Members: AAUW's Strategic Process of Reinvigorization." Notice, it didn't say "reorganization", but "reinvigorization." So, I thought, naively, that it was going to tell us how to shake up our branches and increase membership. Wrong! The first words were, "If we don't pass the proposed bylaws, AAUW will die an immediate death. If we pass the proposed bylaws and don't change, AAUW will die a lingering death. If we pass the proposed bylaws and move into the 21st century with the appropriate changes, we will be like a Phoenix rising." One wonders what would have happened to the terminology if we hadn't met in Phoenix!

Declining membership and, therefore, decreasing revenues; vacancies in leadership positions; and irrelevancy nationally were cited as reasons for changing. An inconsistent focus on the issues was another reason ~ with leadership changing every two years (at Association level) each new leader and team brings in new ideas, but doesn't have time to implement those ideas.

The timing of the change was partly because we just celebrated our 125th anniversary, LAF is celebrating 25 years and EF has a 50th upcoming. The need, as stated was "we need to celebrate the future and not the past." The bylaws, concerning reorganization, passed UNANIMOUSLY. Beginning in 2009, the Association and EF/LAF (already one entity) will combine into one association with one board of directors. Some of the members of the board of directors (those appointed by the elected board) will come from outside the organization, thereby assuring professionalism and needed expertise.

Every member will have a vote (by email or USPS) in electing a president, a vice president and seven members of the board of directors. That group will appoint six more directors and together they will administer all the programs and policies of the organization.

We have a new pared down, says-it-all Mission Statement: **"AAUW advances the equity of women and girls through advocacy, education, and research."**

That's just the main points for now. Call me, or *email, if you have questions.*

LAF-

For LAF.....Give me a L....Give me an A....Give me a F...what have you got.....**LAF...Legal Advocacy Fund**. Just what is LAF.? It is a fund to assist women in colleges and universities who have been denied tenure. The LAF fund assist in the court cases, and it is expensive to challenge a decision concerning tenure. With each case we win, it makes it easier for women to advance in the academic world. On our local level, we make a donation each year to LAF. Usually, we have one fund raiser and members and friends make donations. No matter the amount you can contribute, every dollar counts. This year, you will hear me as the "cheerleader" for LAF

Happy 50th Anniversary PHAAUW

..Remembering PHAAUW.....

(Twas the year 1957)

The Soviet Union launched their first orbital satellite, Sputnik! But not until after the Pleasant Hill Branch of AAUW began the process of forming a new branch in July. The procedure was followed and by September a set of officers was elected. The branch soon became a vibrant factor in the Pleasant Hill community. We became an official branch on October 19, 1957.

The branch was presided over by the first president Mrs. Harold Robinson, and she, with the elected officers, set about a program of recognition by the community. (Remember – all women were addressed by Mrs. and their husband's name in those days!). The monthly programs included a discussion of the "borough system" of government by the county; a film on mental health; a discussion on "How to take an active part in politics":. True to its commitment to education, a program on "The Gifted Child: speaker was Mrs. Ruth Martin, principal of Castro Valle Elementary School.

The new branch, true to its emphasis on education, set out to be an active part of the community and became the 31st organization to encourage a "yes" vote for school tax increase from 3% to 4%. They launched a Candidates Night for those seeking a position of school Superintendent and for local citizens interested in running for the school board.

A membership tea in February of 1958 resulted in a branch membership of 45. Dues were \$8.00 including Association, state & local dues. On May 10th of that year an installation luncheon was held to honor the new president Mrs. Franklyn Lloyd, Jr. and other elevated officers at the Nut Bowl in Pleasant Hill.

What an outstanding group of young women and aren't we proud and privileged to have such a heritage?

Tune in next month and see what the next chapter of PHAAUW has in store!!!!

Community Care: Be careful – don't let the wasteful water run while brushing your teeth – we can learn to save before it becomes a demand!!!!

Public Policy:

Sex Discrimination

The state Public Policy committee is urging graduates of California universities to find out about LAF suits against specific institutions by going to

<http://www.aauw.org/laf/cases/caseinst.cfm>

If your alma mater is involved, please show your concern and write the Chancellor a letter of protest against sex discrimination on your campus.

For your convenience, a model letter follows:

Dear Chancellor,

As a graduate of the {university name}, I can no longer stand silently by while sexual discrimination in hiring, wages, tenure, and basic Title IX requirements continue. It is now the 21st century, and high time that the universities in California take proactive stance to stop the insidious and pervasive culture of sexual discrimination.

There have been numerous lawsuits against various UC campuses in the past several years, and it appears to me that the universities would rather waste precious resources in litigation costs that attempt to demonize the victims of discrimination, rather than admit the problems and provide a fair and equitable environment.

Even after the expenses of litigation and judgments against the universities, such as the recent \$4.2million award against UCLA in the case brought by Dr. Janet Conney, it is shocking that the problems remain and more lawsuits will inevitable follow.

Until the administration of the university takes a firmer stance to prevent this type of discrimination, I will not make financial donations to the university, and instead will donate the money I would have given to my alma mater to the American Association of University Women's Legal Advocacy Fund, to provide material support to those who are forced to take legal action in response to sexual discrimination at the university.

Furthermore, I intend to contact everyone I know who is a graduate of any of the state university campuses and encourage them to do the same until I see some clear signs that those responsible for discriminatory practices are fired and the university shows a zero-tolerance policy for this behavior.

Sincerely,

Submitted by Shirlee Thompson, Public Policy Chair
